Dear Mr. Lerner:

Thank you for your June 18 letter transmitting a request from the City of Alexandria to experiment with bike signal heads at the signalized intersection of South Washington Street and South Alfred Street.

We have reviewed your request. Your request to experiment is approved, and we look forward to receiving your semiannual progress reports and your final evaluation report at the end of the study period. For recordkeeping purposes, we have assigned the following official experimentation number and title: "9(09)-7 (E) – Bike Signal Heads – Alexandria, VA." Please refer to this number in future correspondence.

Thank you for your interest in improving the operational capability and traffic safety for bicyclists through the use of bike signal heads.

Sincerely yours,

Mark R. Kehrli  
Director, Office of Transportation  
Operations
